

21 cm Cosmology Summer School (2025)

Conference Notice

The "21 cm Cosmology Summer School (2025)" will be held from July 2 to 15, 2025, in Xi'an, Shaanxi Province, China. The Summer School is hosted by Hangzhou Dianzi University and organized by Xidian University.

This intensive 14-day program integrates theoretical foundations, observational techniques, and cutting-edge research in 21 cm cosmology. Designed for graduate students, postdoctoral researchers, and early-career scientists, the curriculum bridges modern cosmological theories with 21 cm signal detection across cosmic epochs. We cordially invite experts and students to participate.

I. Program Content

Foundations of Modern Cosmological Physics

Large-Scale Structure of the Universe

Radio Astronomy

21 cm Cosmology

II. Practical Information

Dates: July 2–15, 2025 (Registration: July 2)

Venue: Xidian University, Xi'an

Registration Fee: No registration fee required

Accommodation & Travel: At participants' own expense

III. Contacts

Yi-Xi Tao (tyx0405@hdu.edu.cn, +86 19857186855)

Hai-Jun Tian (hjtian@hdu.edu.cn, +86 13618692803)

Feng Shi (+86 17795730215)

Email: tyx0405@hdu.edu.cn
